## ORDER

**Sending Additional Militia to  
Border Suspended by  
War Dept.**

## ORDER IS NOT REVOKED

**Railway Strike Situation is  
Cause of New Order  
Though Officials State  
That Transportation Dif-  
ficulties Prevent Move-  
ment of Troops at Pres-  
ent Time**

Washington, Aug. 15.—Orders for the remaining mobilized units of the National Guard to proceed to the border have been suspended by the war department. No official explanation has been made, but it is known that the delicacy of the railroad strike situation has been the moving consideration.

The suspension of the orders to the troops, which would have moved some 25,000 men to the border, should not be taken as an indication that the President's negotiation with the railroad brotherhood and the railroad managers have taken an unfavorable turn but is a measure of caution. It was considered slightly undesirable that all the remaining guardsmen should be moved to the border while there was a possibility of a railroad strike in which they might be called upon to preserve order through some of the states. There is even the possibility that some of the troops in the event of a strike might be called upon to guard or operate mail trains and trains supplying the troops already on the border.

The suspension of the order prevents the immediate movement of the troops from Kentucky, Ohio and Vermont and the movement of all other mobilized units which were to have gone forward as soon as they were equipped. Some of the Kentucky, Ohio and Vermont troops were about ready to go to the border.

It is clear that the suspension is not a revocation of the orders and that if the railroad strike situation clears up the troops will be moved to the border line.

The official explanation of the change at the war department is that the difficulties of transportation and equipment and delay necessary. It is known, however, that the railway situation is the real cause.

A telegram from Major General Funston made public by the war department disclosed that the general recommended the suspension of the orders. His telegram follows:

"In view of possibility of a general railroad strike, I desire to call attention to the war department to difficulties that will follow in maintaining food supplies not only of troops in this department but of the civilian population as well. These border states produce but little food-stuff except cattle."

## STRIKE TALK IS BLAMED FOR THE LATEST ORDER

Camp Willis, Columbus, Aug. 15.—Officers at Camp Willis today said they knew of no reason why the orders to move the Ohio troops to the border should be revoked. Lieutenant J. G. McElroy of the United States army, who has been stationed at Columbus as instructor for the Ohio National Guard, said no official word concerning the order had been received at the camp. The official order issued last Saturday to move the troops south has never been received at the camp.

It became known at camp this morning that the orders revoking the movement of Ohio troops to the border had been received by the railroads before official announcement was made by the war department at Washington.

Tourist and Pullman sleeping cars which had been parked near the camp for use by the troops were moved away last night by the railroads.

Brigadier General John C. Speaks of the Second brigade, whose troops were scheduled to go south first, said the suspension of the order to (Continued on Page 2, Col. 4.)

## Fuse Burned Out Close to Dynamite; a Black Hand Plot

Cleveland, Aug. 15.—Following the receipt of a series of black hand letters, demanding \$1000 on penalty of death, Henry Rondina, sidewalk contractor, this morning found five sticks of dynamite, with a fuse burned out but an inch from the explosive, just outside the door of his home.

Police say that if the fuse had not burned out when it did the entire Rondina family, consisting of six persons, would have been wiped out. Rondina has received four letters demanding money in the last four months. All were written in Italian.

## CANDIDATES ARE BEING NOMINATED BY NINE WORKERS

Indianapolis, Aug. 15.—Nominations of candidates for offices of the United Mine Workers of America, are being received daily at the international headquarters in this city. To have his name placed on the ballot, which will be voted on next December, a candidate must be nominated by at least five local unions. The nominations will close Aug. 29.

## CANDIDATES DO NOT INVEST MUCH IN THE PRIMARIES

Columbus, O., August 15.—W. D. Fulton, of Newark, probable winner of the Democratic nomination for secretary of state spent \$228.50, according to his expense account filed today with Secretary of State Hildebrandt.

Carl F. Antenen, of Hamilton, who was in this contest, spent \$45, of which \$25 was his entrance fee. Other candidates' expenses were as follows:

General David Hollingsworth, of Cadiz, candidate for congress, \$3000.  
Congressman Simeon D. Fess, of Yellow Springs, \$480.72.  
J. C. Martin, of Greenville, for governor, \$215.60.

Scott Stahl of Toledo, for attorney general \$201.43.

Frank I. Brown, for judge of the court of appeals, \$402.76.

Judge H. L. Fernside, nothing.

Congressman Henry I. Emerson, \$40, in addition to his entrance fee of \$25.

## MAN AND WIFE PAROLED FROM PEN, BOTH BURGLARS

Columbus, Aug. 15.—Earl Brooks, 25, was received at the penitentiary nearly three years ago for burglary committed in Athens county. His wife, Mattie Brooks, a pretty little girl of 19, followed him a year later for the same crime, committed in Muskingum county. Today both left the prison arm in arm, to begin life over again in Wheeling, W. Va. The board of administration paroled them at its last meeting.

## PRES. WILSON TO BE NOTIFIED ON SEPTEMBER 2ND

Washington, Aug. 15.—Formal notification to President Wilson of his nomination will take place Sept. 2. That day was definitely selected when arrangements were made for the president to go to Long Branch, N. J., for the ceremony.

The president has already completed his speech of acceptance. The notification speech will be made by Senator James.

## Italians Take More Prisoners On Isonzo Front

Rome, Aug. 15, via London.—On the Carso plateau, and to the east of Gorizia, along the Isonzo front the Austrians have suffered further reverses at the hands of the Italians, today's official statement says. Austrians entrenched in both these regions were captured.

## COAL BOAT, RAMMED BY LAKE STEAMER SINKS IN DETROIT RIVER.

Detroit, Aug. 15.—The Topeka, a small boat, was rammed by the steamer Christopher in the Detroit river off Sandwich, Ontario, early today. The Topeka sank in 40 feet of water after her crew had been rescued.

The Topeka is a vessel of 1376 gross tons.

## THREE TRAINMEN KILLED.

Pittsburgh, Aug. 15.—Three trainmen were killed, three seriously injured and two freight trains, each drawn by two engines, came together in a head-on collision on the Pittsburgh and Wheeling Division of the Baltimore & Ohio at Vance, Pa., early today. All traffic was tied up for several hours.

The dead are J. W. Eustice, engineer; C. D. Hutchinson and C. R. Wright, fireman, all of Pittsburgh.

## FRANCES WAR BILL.

Paris, Aug. 15, 4:05 p. m.—The war bill of France at the end of July was 39,000,000,000 francs, according to figures available today. The miscellaneous expenses of the government were 10,000,000,000 francs. The average cost of the war, the figures show is now 1,987,000,000 francs monthly.

## KAISER

**Leaves French Line to Give  
Attention to Russian

## BRUSILOFF SWEEPS ON

**Austro-Germans Have Been  
Unable to Stop Rush of  
Slav Forces in Galicia—  
British Again Occupy the  
Trenches Near Pozieres  
Which Have Been Won  
and Lost Several Times**

The Associated Press summarizes war reports from the various capitals, as follows:

Emperor William is again on the eastern front where the Austro-German armies are struggling desperately to withstand the heavy strokes of the Russians in Galicia and Volhynia. In the latter region the opposing forces apparently are at a standstill but in Galicia the onward sweep of General Brusiloff's forces is continuing with rapidity.

The Zlota Lipa line to which the Austrians fell back after the forced evacuation of their positions along the Stripa, is apparently not destined to hold for any length of time.

Petrograd today reports the Russians crossing to the western banks of the Zlota Lipa river at some points thus menacing the flank of General von Bothmer's lines elsewhere along that stream.

Further south General Letichitzky is continuing his advance below Habor across the Bystritsa-Slotown line, while to the north the Russians are moving along the upper Stripa upon the new positions west of the Teutons old line.

The Germans did not long hold the trenches recaptured from the British northwest of Pozieres on the Somme front, according to London. The British war office today reports the clearing of the Germans from nearly all the trenches in that region in which they gained a footing Sunday.

The French in the Verdun region have resumed their harrying tactics and according to Paris have recaptured German trenches in the Meuse valley near Sedan.

Rome announces further advances for the Italians in their campaign on the Carso plateau, southeast of Gorizia. The official bulletin chronicles the capture of Austrian entrenchments in that region and also positions further north, east of Gorizia.

The Italian navy has lost one of its big dreadnaughts, according to a Taranto dispatch through Paris which tells of the blowing up of the 22,000 Leonardo da Vinci in Taranto harbor as the result of a fire. Of the crew 300 were drowned.

## Wheat Prices May Be Investigated By a Federal Board

Chicago, Aug. 15.—Whether a Federal investigation is to be made into the recent rise in the price of wheat and the subsequent threatened advance in the price of flour goods will be decided at a conference late today between Edward N. Hurley, chairman of the Federal Trade commission and Charles F. Cline, United States district attorney.

Mr. Cline said today that the heads of several large baking concerns had discussed the situation with him and made threats of an immediate advance in prices.

## Postoffice From Flood Zones Goes Down the Ohio

Cincinnati, Aug. 14.—The postoffice building, which was located at Woodville, W. Va., previous to the floodburst of last week passed this city today and reached Ludlow, Ky., before several boats which had put out after it managed to rope it and bring it ashore. It had been washed bare of contents.

## CRUDE OIL AGAIN IS OUT FIVE CENTS BARREL.

Pittsburgh, Aug. 15.—Further reduction in the price of the principal grades of crude oil was announced today at the opening of the market, all grades except Ragland which remained at 75 cents. The new prices are: Pennsylvania crude \$2.30; Cabel \$1.32; Corning, Mercer black and New Castle \$1.80; Somerset \$1.65. This is the fourth cut within a month.

## UNITED STATES USED OVER SIX MILLION BALES OF COTTON DURING 1916.

Washington, Aug. 15.—Cotton used in the United States during the cotton year which ended July 31, aggregated 6,395,972 bales compared with 5,597,362 last year, the census bureau today announced. Linters used in that period and not included in the foregoing statistics amounted to 821,365 bales, compared with 190,950 last year.

## INFANTILE PARALYSIS EPIDEMIC IS WORST PERIL IN THE EAST

Small paralysis victim being treated in Lincoln hospital, N. Y.

New York, Aug. 15.—Family physicians were advised today by Dr. Abraham Zingher of Willard-Parker hospital, to try the use of "normal" blood serum obtained from parents as a method of rendering their children immune to infantile paralysis.

The theory on which Dr. Zingher and his assistants are working is

that the blood of the normal adult contains the anti-bodies which neutralize the virus of poliomyelitis, or infantile paralysis. Some physicians believe the presence of these antibodies is due to the fact that the parents have had the disease in an unrecognized form. It is stated that it is the theory of the anti-bodies is

correct, the blood serum treatment may prove as effective in preventing infantile paralysis as vaccination is in preventing typhoid.

"The treatment is entirely harmless and the experiment is worth trying," said Dr. Zingher. "It can be administered easily by any reputable family physician."

## COLORADO MAN CONDEMNS PLAN OF ROCKEFELLER

Colorado Springs, Colo., August 15.—A wide range of labor topics is dealt with the annual report of John McLennan, president of the Colorado state federation of labor, submitted to the convention of the federation here today.

The so-called Rockefeller industrial plan adopted by the Colorado Fuel and Iron company is declared to be an "unqualified failure." The industrial commission and workmen's compensation laws of Colorado are severely criticized in some respects and praised in others. Conditions in the coal mining fields are reviewed and a glowing report is given of the growth of unionism in the state and legislation deemed necessary is outlined.

Generally, the report says better feeling appears to prevail between employer and employee in the state and in the coal fields improved conditions are credited to the results of the strike of 1913-14.

Reviewing the so-called Rockefeller industrial plan, President McLennan says, "this plan has been advertised as a cure-all for labor ills, but it has in reality failed to cure anything. They sought to give their non-union workmen something which would make them imagine they were organized. The plan is an unqualified failure from every standpoint, but one. It has given the capitalists the press a chance to talk, write and print."

## ATHENS MINERS SETTLE STRIKE; BACK AT WORK

Columbus, Aug. 15.—Difficulties between miners of the Athens district of the Hocking field and mine operators were adjusted today and the 2,500 men on strike were ordered to return to work by President John Moore of the Ohio United Mine Workers.

## USES MIRROR TO GUIDE PISTOL BALL INTO RIGHT TEMPLE.

Cincinnati, Aug. 15.—Holding a small hand mirror before his eyes to guide his aim, Emil Wiegand, 40, musician and violin teacher placed a revolver at his right temple as he stood in the kitchen of his home today and fired. The bullet penetrated his brain and he died instantly.

## Ohio Building Carried 23 Miles to New Location

San Francisco, Aug. 15.—The Ohio building, San Francisco, home of visitors from the Buckeye state at the Panama-Pacific exposition last year, was embarked today on a 23 mile voyage on San Francisco bay to its new site where it will become the abode of the San Carlos country club.

The pavilion, which is 132 feet long and eighty-five feet wide, and which weighs approximately 1,000 tons, will travel on scows and will be towed by ocean-going tugs.

## NEW REVENUE BILL READY; WILL YIELD \$205,000,000 YEAR

Washington, August 15.—The revised administration revenue bill, which is expected to yield \$205,000,000 annually, was ready today for submission to the senate. It was finally approved by senate Democrats in caucus last night as amended by the finance committee.

The bill probably will be reported to the senate tomorrow and taken up for consideration as soon as the shipping bill is disposed of.

Features on the revised measure are a sure tax on incomes, an inheritance tax, a ten per cent profit tax on the manufacture of war munitions, a five per cent tax on manufacturers of materials entering into munitions, a corporate income tax, liquor taxes and miscellaneous taxes.

The measure retains the house provision for a non-partisan tariff commission provides for a tariff on coal tar dyestuffs, and medicinal derivatives and increases the taxes on wines over the house bill.

## Johnstown Wreck Claims 27th Victim; Funerals Today

Johnstown, Pa., Aug. 15.—The number of dead in the street car accident at Echo near here last Saturday was today increased to 27 when it was reported to the coroner that Mrs. Hanna Rager of South Fork, Pa., had been instantly killed and her body removed without delay. The funerals of ten victims were held today from the little United Evangelical church at Tannerville and of five others from churches in nearby towns. All the persons buried at Tannerville were relatives.

## STREET LABORERS REFUSED INCREASE, WALK OUT AGAIN.

Canton, O., Aug. 15.—Following the failure of council to pass legislation to raise the rate of the employees of the street department, the 74 men who went on strike several weeks ago went out again today.

The men take the stand that the council finance committee promised a pay increase from 25 to 30 cents an hour and then failed to provide for such increase. City officials say there is no money to pay an increase.

## POLICE CHIEFS TO CONSIDER THEFTS OF AUTOMOBILES

Cedar Point, O., Aug. 15.—How best to pursue and capture the automobile thief is a question that promises to claim the attention of Ohio police department officials during the annual convention of the Ohio police association which will be inaugurated with an informal reception late this afternoon.

Statistics that will be presented during the meet by Chief of Police W. S. Roe, of Cleveland, will show that the number of auto thieves is gradually increasing. They will also show that in Ohio a thief has but little show of getting away. Success in capturing these fugitives Rowe will contend, is due to plans worked out during police association conventions.

The Ohio association will take a firm stand against the anti-civil service league's effort to knock out the present civil service statutes, officers of the association declared.

## Wheat Advances Again When Crop Damage is Rumored

Chicago, Aug. 15.—The wheat market made another sensational advance on crop damage reports today. December options forty minutes before the close had advanced an extreme 8 cents from \$1.38 to \$1.46 per bushel, September less active, rose from \$1.35, where it sold early to \$1.42.

## CHILD PLAGUE IN NEW YORK GROWS SERIOUS

New York, Aug. 15.—The epidemic of infantile paralysis has taken a turn for the worse despite the continuation of unusual cool weather. During the 24 hours ending at 10 a. m. today 163 new cases of the disease and 39 deaths were reported to the health department. This is an increase in new cases of nearly 100 per cent over yesterday's figures, which showed 95 were stricken with the plague and 31 killed. Failure of physicians to report cases over Sunday holiday was suggested as a reason for the increase in today's figures. Since the epidemic began there have been 6,532 cases and 1,464 deaths.

## Newman Will Push Investigation of Primary Mistake

Columbus, Aug. 15.—John H. Newman, former state librarian and candidate for the Democratic nomination for Secretary of State, has announced that he will push the inquiry into the mistake that led to his name being left off the ballots in several counties in the primary election, "to the limit." Mr. Newman says he is convinced that such a mistake could not ordinarily happen if the proper care had been exercised.

## PRESIDENT

**Proposes Adoption of Principle of the Eight Hour Day**

## RESULTS NOT CERTAIN

**Plan Will Be Submitted to Brotherhood Whose Representatives Refuse to Say How It Will Be Received—Will Be Submitted to Board—Claim Plan is Not New**

Washington, August 15.—After the committee of railroad managers had another conference with President Wilson early today it became known that a proposal was under consideration by which the railroads would accept the principle of an eight-hour day and leave the working out of its application to the interstate commerce commission or some body formed for the purpose.

Secretary Taft issued the following statement: "The president spent an hour and a half this morning with the representatives of the railway men. After the conference he said that it was impossible as yet to report on the results; all that he could say was that a very candid and honest discussion was in progress about practicable bases of settlement."

The railroads are understood to be ready to concede the principle of the eight-hour day providing concessions be made by the employees so too heavy a burden will not be placed upon the railroads.

The men take the stand that they principally want the eight-hour day on condition that it should be enforced whenever possible. The railroads are said to believe it impossible to accept the eight-hour day unless a workable system of application can be built up. Members of the managers committee said they had no plans for the future and did not know whether they would be called to the White House again.

The managers took the position that the eight-hour day and the collateral issues are inseparable and that it would not be practicable to accept the eight-hour day and submit the other question to arbitration. All of the issues are intervened, they contend and must be decided together.

Representatives of the brotherhood heard of the proposal with interest but insisted, however, that the proposition was not a new one.

"I knew a week ago," one of the officials said, "that the railroad managers had such a proposition in mind."

None of the brotherhood officials would commit himself on what the attitude of the employees would be toward such a proposal but they did not appear optimistic over the likelihood of it proving acceptable.

It was pointed out by the employees representatives, however, that if such a proposition were tendered concrete form to them they would only refer it to the general board, composed of 600 committee chairmen now in New York.

It was probable, one of the officials said, that a proposition were submitted to them through the president today that they would return to New York and place it before the general board.

The committee of railroad managers reached the White House to continue their conference with President Wilson at 9 a. m. Elisha Lee, the manager's chairman, refused to say whether a counter proposal for arbitration to the employees had been drawn up. All were ready for the President when he entered the conference room promptly at 9 o'clock.

"At this stage of the proceedings I can say absolutely nothing," declared Mr. Lee as he entered the White House. He carried a portfolio of papers.

While the managers were at the White House the brotherhood leaders conferred among themselves and awaited the call for their conference. The general opinion among them was that the President was putting the burden of averting a strike up to the railroads and with prospects for a settlement were good. Having agreed practically to the principle of arbitration, the brotherhood leaders inclined to the view that the controversy could be settled by the railroads granting the eight-hour day and arbitrating the demands for time and a half for overtime, eliminating the double compensation feature and having the railroads make a flat agreement to put in the eight-hour day.

The attitude of the managers as they went to the White House was said to be one of yielding something. They had spent most of the night deciding whether they should eliminate all their contingent proposals or some of them.

After an hour and a half of conference with the President the managers committee left the White House by a side door hoping to evade questions. Elisha Lee, chairman, said: "We are entirely in the President's hands and have agreed with him that he will make any statement."

Just before 3 o'clock the brotherhood leaders moved to the White House to present their counterproposal with the president. It was expected, would lay the railroad managers proposal before them.

# Men of Newark

I SHOULD WORRY SHE IS INSURED WITH RILEY CO.

CLEMENT L. RILEY, EX-COUNTY AUDITOR, HAS ONE OF THE most extensive acquaintances of any man in this county. He has associated with people in all parts of the county, and has spent ten years in public life. He is now engaged in the real estate, insurance and securities business, and has his office on the second floor of the Buckingham building at the corner of Second street and South Park Place. Mr. Riley sells all kinds of insurance, and represents companies well known for their reliability. He also offers for sale the Geiger-Jones industrial securities. Mr. Riley comes of old Scotch-Irish stock, the first progenitor of his family in this country having come to America in the days before the revolution. Mr. Riley's great grandfather, who was a soldier in the army of Mad Anthony Wayne, came to Ohio after the close of the War of the Revolution, and settled in Muskingum county. The Mr. Riley of this sketch was born eleven miles southwest of Newark, and has been a resident of Licking county during all of his life. He received his early education in the country schools of his native township, and then attended high school in Hartford and normal school in Utica, afterwards attending summer sessions of Denison University. For twenty-five years Mr. Riley was a school teacher in different schools throughout the county, and during that time was county school examiner for six years. In 1908 he offered himself to the people for office of county auditor and was elected to that office, and again was elected in 1910. After his second term as auditor expired he entered the business in which he is now engaged. Mr. Riley is a thirty-second degree Mason, Knight Templar, Knight of Pythias, Odd Fellow, Modern Woodman of America, and a member of the Jacksontown Grange.

BROKE FAITH WITH OHIO LABOR MEN SAYS COX IN JOINT DEBATE.

Two Candidates For Governor Meet at Miami Chautauqua and Address 10,000 People.

Franklin, O., Aug. 15.—It was up on old rather than upon new lines that Governor Frank B. Willis and former Governor James M. Cox spoke when they addressed in joint debate 10,000 persons at the Miami Valley Chautauqua, yesterday afternoon. It was the discussion of 1914 brought up to date, with presentation of rival views upon the events and policies of state government since the period when they were previously rival candidates.

Both sides found the audience extremely friendly, and round after round of applause punctuated the telling points that had been made. It was noticeable that feeling rose as the speakers proceeded, and while

## PIONEER

### HOME IN GRANVILLE GIVES WAY TO PROGRESS AND WILL BE RAZED.

University Buys Old Levi Rose Homestead and Last of Effects Will Be Sold.

(Special to The Advocate)

Granville, Aug. 15.—Constantly is the old order changing giving place to the new, even in conservative "New England Granville," set in the midst of the Licking hills over a hundred years ago, by the sturdy pioneers who builded better than they knew. One of the oldest of these pioneer homes, the old Captain Levi Rose farm on North street, whose last owner was a granddaughter of the builder, was bought by Denison University in June and the last vestiges of its occupancy by the Rose family will be removed to-morrow, when the household effects of the late Mrs. Emmeline Chapin will be offered at public auction, beginning at 9 o'clock a. m. No attempt to "straighten up" the premises has been made and the dealer in curios may find two old spinning wheels one large and one small, among the "historic old junk." Several pieces of old furniture will prove of interest to Advocate readers, who are collectors of antiques, and the whole transaction will have a melancholy attraction for lovers of the old town.

One hundred and eleven years ago this fall, one of the prettiest girls in old Granville, Mass., pretty Polly Stowe married Levi Rose and followed him to the western wilds—the long wagon journey over the mountains being her six weeks' wedding trip. She became the mother of eleven children, many grandchildren and great grandchildren and the home she helped to build up, is still standing with many of the curious household implements she used still to be found in the old shed.

Mr. Harry Amos of Cambridge was among the out of town Siama Chautauqua yesterday to attend Prof. Brumback's funeral. Mr. Amos was in Denison in the late 90's and early 00's.

Mr. Eugene Cunningham of Cleveland, who was in Granville for Prof. Brumback's funeral yesterday has returned home.

Mrs. Mabel Ashton expects to spend the remainder of the week visiting friends in Croton.

Mr. and Mrs. William Howe delightfully entertained a few friends at their home in Elm street Monday evening, in honor of their brother and sister, Dr. and Mrs. Otis of Colorado.

Mr. Thomas Evans has been on the sick list for a few days at his home in South Main street.

Rev. Charles Mathews of Winfield, Kansas, arrived in Granville Monday where he will remain for a short visit at the home of Mr. and Mrs. E. C. Roberts in South Cherry street where Mrs. Mathews has preceded him.

Mrs. John Larimore has been visiting at the home of her son and daughter, Mr. and Mrs. John Black at Licking.

Mrs. Jessie Brown has been visiting at the home of her father-in-law, Mr. N. C. Brown, near Union Station.

After a brief illness, Wilson L. Surbee died last night at his home near the Welsh Hills Baptist church, aged 55 years and 10 months. He leaves a wife and several children. Arrangements for the funeral have not been made, although it probably will be held at the residence. Interment will be made in the Welsh Hills cemetery.

The statement that President Chamberlain had returned from the east yesterday, was an error arising from the fact that he was expected to assist the officiating minister at Prof. Brumback's funeral. The telegram failed to locate him in time for him to make the necessary railroad connections.

Mr. and Mrs. Homer Tompson are the proud parents of a baby girl born last week.

Mrs. Chas. Parker and son, Raymond, spent part of last week with her parents, Mr. and Mrs. Joseph Kerr.

The Pound and Wilkin, reunion will be held at the home of C. H. Fisk, Sunday, August 20th. All relatives and friends are cordially invited.

"We were ready to move at any time," said an officer. "We still believe we will go south and that the new order merely means a temporary delay until the railroad strike has cleared up."

The troops received word of the latest order with considerable disappointment. They have been restless for several weeks due to the monotony of life at Camp Willis and have been anxious to get away, either to the border or home.

## ALL READY FOR KIDDIES BIG PICNIC

The committee having the arrangements of the children's auto picnic in charge met last evening at the board of election rooms in the city building and formulated a program for the outing which will be given 300 of Newark's little youngsters whose parents have no automobiles.

Dr. J. T. Lewis, chairman of the committee who has worked hard and faithfully to make the picnic a

success, presided and appointed the following committees for picnic day, Thursday, August 17.

Miss Mabel Jones and Miss Marjorie Lawhead in charge of the girls and to arrange games and contests. Col. W. C. Wells, Rev. Don Tallis, Ed. Kibler, Jr., and Dick Curry, races and games for the boys.

J. C. Brown, Pat Flanagan, Col. W. C. Wells and H. D. Hale on refreshments.

Probation Officer Dwyer, Wallace Davidson, Albert Gleichauf, Mrs. Mary Miller and Dr. Lewis will look after the transportation of the youngsters.

Police Chief James Sheridan and detail of officers will assist in getting the machines away and Chief Sheridan will assign officers at the Fifth street railway crossing to assist the watchman at that place. They will also be there when the machines return in the afternoon.

Two big auto trucks, Stewart Bros. & Alward and the Gleichauf Furniture store, will gather the good things at 7:30 o'clock in the morning and start for the lake.

Samuel McDaniel and W. C. Kuster will make 300 sandwiches, a big freezer of ice cream will be taken along for the ice cream cones. There will be over 1,000 small cakes, 300 oranges, three big bunches of bananas, 360 lemons, 30 watermelons, 300 sacks of peanuts, 300 packages of gum, 50 dozen pickles and lemonade all day.

All autos will leave North Park Place and proceed direct to the lake. Arriving there the kiddies will be given an enjoyable boat trip over beautiful Buckeye Lake as the guests of Messrs. Defenbaugh and Fisher, park lessees. Next will be a merry-go-round. Then the Tschers Brothers will demonstrate wrestling in its different branches and issue a challenge to any boy attending the picnic, agreeing to throw them twice over a three times. Next at the Buckeye pavilion Little Ruth Ludwig will give a number of fancy dances in costume. She is only seven years old and is acknowledged to be one of the most clever child dancers ever appearing in public. Her mother, Mrs. Atha Ludwig, has had numerous offers to book the little girl in vaudeville, but has only allowed her to dance in a few of the leading theatres over the state during vacation time.

It's going to be a great day for the kiddies of Newark and the committee feels grateful to all who have assisted in any manner.

Fifteen more machines are needed. Call up Chairman Lewis and tell him you want to be one of the Big Brothers for kiddies picnic day. You'll have a good time in helping the youngsters to have a good time and you will never regret it the longest day you live.

## NEVADA SUFFRAGE LEAGUE QUITS THE NATIONAL ASSOCIATION

(ASSOCIATED PRESS TELEGRAM)  
Colorado Springs, Colo., Aug. 15.—Announcement was made here today by Miss Anne Martin, chairman of the national women's party, which held a three-day conference here last week, that the Nevada Women's Civic League of which she is president, had severed its relations with the National American Woman Suffrage Association. One reason given for the withdrawal was the desire to work exclusively for the Susan B. Anthony amendment. Suffrage leaders declared that the state by state method pursued by the national association was regarded as futile as more than 20 state constitutions are impossible of amendment.

## EAGLES' CONVENTION DOWN TO BUSINESS; CHANGE WORKS WELL

(ASSOCIATED PRESS TELEGRAM)  
Savannah, Ga., Aug. 15.—With thousands of delegates from all parts of the United States in attendance, the 18th annual convention of the grand order of the Fraternal Order of Eagles today was prepared to get down to its work. The first business session was scheduled for today. These sessions are executive. Besides consideration of a number of matters said to be important, the grand order is to receive reports on the manner in which changes made in the constitution of the order last year have worked out. It was said in advance that the reports would show good results.

## LUTHERAN SYNOD IN CONFERENCE AT TOLEDO SIX DAYS

Toledo, Aug. 15.—Two hundred delegates to the bi-annual session of the Evangelical Lutheran synodical conference of North America, arrived last night for the convention that begins tomorrow and lasts six days.

Nearly 2,000 are expected during the next two days.

Colored missions is to be one of the principal subjects for discussion.

The conference is the largest church body in the United States, having about 1,000,000 members. It is a federation of independent Lutheran synods, the largest being the synod of Missouri, which includes Ohio and several other states. The other synods belonging to the conference are those of Wisconsin, Michigan, Minnesota, Nebraska and the Slavak synods.

## Magical Usit

Now all you ladies who suffer (yes, suffer, for you do) from unsightly wrinkles can drive them away forever. Usit, the pure nut-oil skin food, the "Arab's Secret," a preparation used by famous Eastern beauties for centuries can be purchased at any first-class drug store. This wonderful preparation (not a face cream), is positively guaranteed to clear the complexion of all wrinkles, whether caused by age, worry, work or exposure. Rub it into the skin with the finger tips at night just before retiring, and in a short time every wrinkle will disappear, your hungry, faded skin will get back its healthy color, its well nourished smoothness, and the lines in your face will be replaced by youthful roundness. No other treatment is necessary.

Usit is well named the "Wrinkle Chaser" for no wrinkles can exist where it is used. It is guaranteed to contain nothing that will cause hair growth.

Go to your druggist today and get a bottle of Usit for 50 cents. Try it tonight and see how fine your face feels in the morning. But remember Usit is put up only in opal bottles. Take nothing else.

The most painful cases of sunburn are relieved instantly by Usit.

## FIRE ON WARSHIP CAUSES EXPLOSION; 300 OF CREW DEAD

Paris, Aug. 15, 5:15 a. m.—The Italian dreadnought Leonardo da Vinci caught fire and blew up in the harbor of Taranto, Italy, and 300 of her crew were drowned, says a Turin dispatch to the Petit Journal. The date of the disaster is given only as a day in August.

The fire, says the dispatch, was discovered in the dreadnought's kitchen and spread rapidly. The captain immediately ordered the magazines flooded and tried to beach the battleship but one magazine exploded before this could be done. The vessel was turned over on her side and a large number of the crew were thrown into the water.

It is believed that the battleship can be righted and refloated.

The Leonardo da Vinci was a sister ship of the Conte di Cavour and of the Giulio Cesare and was launched in October, 1911. Her displacement was 22,000 tons and she was 575 1-2 feet long, 91 3-4 feet beam and carried a total company of 957 men. Her main battery consisted of thirteen 12-inch guns and her secondary battery to stand off torpedo attacks was composed of eighteen 4.7-inch guns. Her engines were of 24,000 horse power designed to develop a speed of 22.5 knots.

OCCASIONALLY, a more heavy, full-powered cigarette than Fatima tastes mighty good. But heavy cigarettes are a little too "oily" and rich to suit most men for long. You are certain to find more comfort in a delicately balanced blend like Fatima. Because Fatimas leave a man feeling keen and fit even after smoking more often than usual. That's why they're sensible. Prove it yourself.

## The Senatorship.

Voicing the current feeling of the  
working agreement between the Rud  
Hynicka wet forces of Cincinnati,  
which is the ultra-wet leadership in  
the state, and the dominating forces  
of the Anti-Saloon League which is  
using that organization for further-  
ance of political ambitions, Harry  
Daugherty, defeated candidate for  
Republican nomination for United  
States Senate said:

"The principal causes of my de-  
feat were that there was an almost  
solidly organized vote of the wet  
forces against me. They were materi-  
ally assisted by the dry vote."

When presented by this statement  
J. A. White, superintendent of the  
Anti-Saloon League of Ohio, said  
that his organization would support  
Myron T. Herrick, and that they had  
a pledge from him to vote for na-  
tional prohibition. Mr. Herrick re-  
fused to discuss the statement of  
either Mr. Daugherty or that of Mr.  
White.

Explaining the action of Herrick  
as governor against temperance leg-  
islation in the state, dry leaders now  
say that he was then bound by the  
Republican platform, but that he is  
now a free agent and state that they  
rely on his pledge for prohibition.

Those interested in good govern-  
ment, aside from any special propa-  
ganda, are puzzled to reconcile the  
seeming oneness of purpose in the  
wet and dry organizations.

## Money Side of Baseball.

There are wisecracks and pessimists  
who see crookedness in every phase  
of life. They never take any inter-  
est in professional baseball, because  
according to their point of view,  
games are bought and sold, in order  
to keep the running even. The bet-  
ting fraternity control players and  
umpires.

Yet if these cynics were to attend  
some of the big league games, they  
might change their point of view.  
They would soon discover that the  
bleacher crowd is quick to suspect  
blattness or disloyalty, even when  
it does not exist. No other business  
in the country receives such critical  
support, or is so dependent on  
clean work, and systematic crooked-  
ness seems impossible.

There is one perfectly good sense,  
however, in which all the profession-  
al league contests are of the nature  
of an auction. By the month of  
August the stronger teams are pre-  
tently clearly indicated. Success means  
big money for the management, and  
better jobs next year for the players.  
The leading teams are very nearly  
alike. It comes then to be a ques-  
tion as to which management will  
spend the most money to strengthen  
weak points in its line up.

The existence of the money ele-  
ment seems inevitable up to this  
point. In this life one gets what one  
pays for. A city that backs up its  
team with liberal and loyal crowds.

## Manager Mosser.

Under the double column caption,  
"Sunshine Moving West," the Al-  
toona (Pa.) Tribune, thus editorial-  
ly refers to George H. Mosser, New-  
ark's new Chamber of Commerce  
manager, who reached this city last  
night and for whom a dinner will be  
given by the Chamber of Commerce  
membership tomorrow evening.

When George H. Mosser, retiring  
head of the Altoona Chamber of  
Commerce, leaves the city for his  
new post of labor in Newark, Ohio,  
he will carry with him the best  
wishes of the Tribune for his success  
in that field. He has been here  
three years during which time he was  
active and energetic in his special  
sphere of labor and it has not  
performed miracles he has been in-  
strumental in forwarding some move-  
ments and bringing to the front cer-  
tain ideas that are pretty certain to  
ripen into splendid results in due  
time. The days of miracles are not  
over—they are constantly occurring  
—but at no time during the past  
three years has Altoona been in a  
state of mind to help bring one to  
pass. Mr. Mosser has done a great  
deal to prepare the ground for the  
one that is nearly due.

We think those who have been on  
the job since the organization of the  
present Chamber of Commerce will  
agree with the suggestion that the  
soil here needed preparation. It was  
not in proper shape for the rapid  
growth of the delicate plant of pub-  
lic spirit and of business altruism.  
There was a very considerable  
amount of selfishness and a large  
section of business jealousy in ex-  
istence. The tendency toward the  
aloofness of each from all the others  
was very marked. A few enterpris-  
ing citizens brought Mr. Mosser to  
the aid in the effort to boost Al-  
toona. They tramped under foot  
the provincial feeling so long domi-  
nant here and set on foot a series  
of efforts intended to lift the busi-  
ness part of the town out of an ugly  
rut and set things going after a dif-  
ferent style.

We have said that Mr. Mosser has  
not accomplished a miracle. But he  
has done considerable to make the  
miracle possible in the near future.  
He has been pleasant, genial, hu-  
man, approachable all the time. If  
he ever had his moments of discour-  
agement or weariness he never al-  
lowed the outside world to know it.  
Ever in a genial humor he made it  
difficult for the despondent and the  
gloomy to remain under the cloud.  
His speech was irresistible. The chap  
who wished to retain gloom in his  
soul and a scowl on his brow made  
a miserable failure unless he  
shunned Mosser's presence. In his  
sunny disposition he has an asset of  
unfathomable value. He has shed a  
large amount of sunshine around him  
during the last three years and a very  
considerable section of it will remain  
even if he is going.

We wish Mr. Mosser a safe jour-  
ney, an enthusiastic reception, a field  
prepared to his hand and the largest  
and most permanent success. We  
shall not forget him; we hope he will  
recall us during his leisure mo-  
ments.

## On Drowsiness in Church.

(Pittsburgh Gazette-Times.)

Victimized and subdued light are  
commonly regarded as the two lead-  
ing causes of sleepiness in church.  
Lack of rest and a tired body are  
generally that many old churches  
have been remodeled for better ven-  
tilation and the newer ones have  
been planned with man's need for  
oxygen in mind. Soft tones in the  
lighting from stained glass have not  
been thought sufficiently serious to  
be eliminated. Whatever the cause,  
drowsiness in church, particularly  
in summer, is a problem, trying to  
both pastor and communicant. The  
most ardent public speaker is con-  
fused by the sight of drooping audi-  
tors and sleepiness often becomes  
such a bugbear to churchgoers, es-  
pecially men, that they stay away  
to avoid embarrassment. No doubt  
faultry ventilation is a contributing  
cause. So is overheating. But  
drowsiness afflicts audiences out of  
doors as well as in. There are open  
air amphitheatres devoted to lec-  
tures, dramatic entertainment, and  
religious services and in these per-  
fect conditions are supposed to ob-  
tain. But there are always a num-  
ber of listeners who cannot keep  
awake. So church sleepiness cannot  
be laid to bad air and lighting alone.  
Careful self-questioning may reveal  
that a genuine desire to hear and be  
benefited lies at the bottom of stay-  
ing awake and paying attention to  
the sermon. The thought that the  
church housing must be scientifically  
correct and physically comfortable  
for the pastor a gifted orator and a  
logical thinker, and the choir splen-  
dently attuned, is selfish and unlike a  
Christian. It is easy to soothe the  
conscience these warm Sundays by  
thinking that there is little use going

## The Danish West Indies.

(Collier's Weekly.)  
In purchasing these islands we are  
using money to get rid of European  
ownership of a strategic point in  
North America. We have done this  
before on various occasions with  
France, Russia and Spain. The price  
proposed, something over \$250 an  
acre, is high, but the islands are  
worth a whole lot more since the  
Panama Canal was built and since  
long-voyage submarines were per-  
fected. This purchase was urged  
time and again by Seward, Foster,  
and Hay, three of the ablest Sec-  
retaries of State the Republican party  
has ever put in office, and anyone  
who tries to make party politics or  
"imperialism" out of it is somewhat  
soft in the head. Buying the Danish  
West Indies is just plain common  
sense and should have been done  
long ago. Look at the map and see  
for yourself.

## Spirit of the Press

**Military Training.**  
Comparing our boys with those of  
the present warring nations, our  
boys seem to lack culture and physical  
training. Besides the thrifty Eu-  
ropean peasants, our lower classes of  
boys are shiftless and lazy. Even one  
year's enforced military training  
would make real men of the thou-  
sands of poolroom hangers-on and  
the budding criminals that infest our  
juvenile courts. It would mean en-  
forced education for boys between  
16 and 20, and preparedness either  
for war or life's battles. Think of  
a nation of healthy, clearheaded  
boys, trained to discipline, con-  
centration and energy!—Woman's Home  
Companion.

## "THE BOOT OF ITALY" AS AUSTRIA SEES IT

Sees Medical Monopoly  
In Health Insurance  
Mr. Behrens' Statement

(New York Commercial.)

Behind the propaganda of the so-  
cial service council of the American  
Medical Association, which is being  
evolved by Dr. I. M. Rubinow, execu-  
tive secretary of the council, H. A.  
Behrens, vice-president of the Con-  
tinental Casualty Insurance company,  
in an interview published in the cur-  
rent issue of the Western Underwrit-  
er, sees an effort to fasten on the  
country the compulsory adoption of  
a particular school of medicine.

In this he says he is sure that Dr.  
Rubinow lacks the support of the  
rank and file of the American Medi-  
cal Association.  
Concurrently, the Pittsburgh Post  
publishes a letter from a contribu-  
tor which charges that "the doctors,  
not satisfied with benefits received  
from the compensation laws, are try-  
ing to 'hog' all the money there is."  
In support of his views he estimates  
that on the basis, for a system of  
compulsory health insurance provid-  
ing for medical treatment and exam-  
inations advocated by the doctors of  
the American Medical Association the  
total contributions of the country  
would approximate \$1,000,000,000  
annually. The contributor to the  
Post figures that "\$1,000,000,000 is  
a mighty heap of money to be divid-  
ed between doctors, druggists, and  
manufacturers of surgical instru-  
ments" for whose benefit he says the  
great "humanitarian project" was  
inaugurated.

Mr. Behrens in his comment is  
less caustic but none the less de-  
finite. In his opinion the efforts of  
Dr. Rubinow tend toward a pure  
form of socialism in the interest of  
the professional class. He expresses  
disappointment that beyond this par-  
ticular phase the utterances of Dr.  
Rubinow advance nothing that is  
new.

Analyzing the propaganda of Dr.  
Rubinow, Mr. Behrens says he makes  
three points in favor of the adop-  
tion of his plan: first, he advocates  
the necessity of insurance for the  
laboring man; second, he advocates  
compulsory insurance, and third, he  
favors the distribution of the cost  
of compulsory insurance between the  
workman, the employer and the  
state.

That insurance for the workman  
is desirable, Mr. Behrens says is  
axiomatic, and further he believes  
that the efforts of Dr. Rubinow and  
his associates insofar as they im-  
press the necessity for income pro-  
tection upon the workman should  
prove helpful, but beyond this point  
he holds that the plan they ad-  
vocate is open to question. He ad-  
mits that striking individual ex-  
amples of the application of the  
principles are cited but that the  
methods proposed will satisfy the  
country as to their particular adap-  
tability to the solution of the prob-  
lem of the physical ills of the race  
he doubts. At this point he asks,  
"Have we reached the stage at which  
we are willing to let a particular  
theory of healing govern the wel-  
fare and lives of all American citi-  
zens? Socialism has many things to  
commend it, but Socialism in the in-  
terest of a specially favored class of  
medical practitioners is quite a dif-  
ferent matter."

On the question of compulsion  
Mr. Behrens says that he is convinced  
that Dr. Rubinow is merely looking  
for light, and that he is like the  
man who advocates the desirability  
of walking on water. He announces  
the desirability of the accomplish-  
ment but is unable to offer a prac-  
tical suggestion as to how it should  
be realized. The logical outcome of  
the plan advocated by Dr. Rubinow,  
says Mr. Behrens, would be the con-  
finement of all workmen below cer-  
tain standards of health to public in-  
stitutions.

## The Advocate's Melting Pot

There is perhaps no time at which  
we are disposed to think so highly  
of a friend, as when we find him  
standing higher than we expected in  
the esteem of others.—Walter Scott.

When our flivver struck a river,  
We were somewhat at a loss;  
But our flivver gave a shiver,  
And just simply bounced across.

We had yearnings; all our earnings  
Carefully we long had hoarded;  
We went meatless,—stocking feetless,  
All to profit Henry Ford.

Zeal abating not by waiting,  
We achieved our fond desires;  
Ain't it funny how much money  
Anyone can spend for tires?

We disklivered that our flivver  
Has an appetite most keen;  
And this flivver,—we must give 'er  
Barrels of costly gasoline.

**Did You Know**  
That Walter Scott was born in  
Edinburgh August 15, 1771, one  
hundred and forty-five years ago to-  
day? He was an invalid during his  
childhood but later attended the Ed-  
inburgh High School and the Univer-  
sity. After an apprenticeship to  
his father, a solicitor, he was called  
to the bar and began the practice of  
law. In 1797 he married Miss Char-  
lotte Carpenter, who had an income  
of 500 pounds a year, and in 1799,  
having obtained the office of sheriff  
of Selkirkshire at an annual salary  
of 300 pounds, with very light du-  
ties, he found himself able to neg-  
lect law for literature. It was not,  
however, until he was nearly forty-  
three that he discovered where his  
greatest powers lay. He then pub-  
lished "Waverley." During the re-  
maining eighteen years of his life he  
wrote twenty-nine novels besides  
many other works. He died in 1832,  
at the age of sixty-one.

In Spite of Heat;  
— One Weighed 2 3/4 Lbs.

C. E. Noon, of 28 Smith street,  
called at "The Advocate" office yes-  
terday and exhibited two fine large  
specimens of tomatoes. The tomato-  
es were of the Ponderosa variety.  
One weighed two pounds and twelve  
ounces, and the other one pound and  
eleven ounces. On the vines in Mr.  
Noon's garden where he has care-  
fully cultivated the tomatoes, there  
are about 25 others of the same size.  
Mr. Noon states that he used com-  
mercial fertilizer and irrigated the  
garden with a hose. The tomatoes  
were almost perfect in appearance.

How To Eradicate  
All Superfluous Hair

Advice By A Skin Specialist

The best means I have ever found  
for removing all signs of disgusting  
growth of hair on the face, neck,  
arms, or hands is a new preparation  
called Mrs. Osgood's Wonder. I have  
recommended it in thousands of cases  
and I know personally of its ability  
to banish every hair forever. It can-  
not injure the skin or complexion and  
is quite inexpensive.

You can get Mrs. Osgood's Wonder  
from T. J. Evans or any up-to-date  
druggist, with every package. Do not  
apply this treatment except when to-  
tal destruction of hair is desired.

The Brazil nut tree does not be-  
gin to bear fruit until it attains the  
age of 50 years or thereabouts, and  
continues to produce crops intermit-  
tently; trees known to be hundreds  
of years old have produced crops.

## Nervous, Appetite Gone, Liver Not Acting?

**A Wineglassful of Tollo Water Will Make Your Liver Act Freely in Half An Hour**

Medical science has proven that the bile made by the liver is Nature's only laxative. When the liver is doing its work properly the bile flows freely into the bowels, keeping them regular as a clock. When the bile tubes become clogged the bile is forced back into the system, causing sallow skin, nervousness, loss of appetite, headaches, gassy stomach, heartburn and other symptoms of biliousness.

Concentrated Tollo Water from Dawson Springs gives the surest and quickest relief. You can prove it by taking a third of a tumblerful in a glass of plain water. It will dissolve the obstructions in the bile tubes and wash out the liver and bowels just as thoroughly and clean as soap and water bathes your skin.

Just the minute your liver is clean and active your nerves become quiet and the appetite normal. You can eat what you like without pain or inconvenience afterwards. Get a 15-cent bottle from the drug store and try it before breakfast tomorrow morning. It is not like strong drugs that upset the stomach and weaken the system. It builds as it cleans. Take a little every morning until the complexion returns to its natural pink shade and the appetite is good. After that an occasional wineglassful before breakfast will keep the liver active and the bowels regular.

## DRINK HOT WATER BEFORE BREAKFAST

**Says you really feel clean, sweet and fresh inside, and are seldom ill.**

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache, or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

**Look Good—Feel Good**  
No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c at your druggist.

## Vigorous Men and Women Are in Demand

If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the right spark that denotes perfect manhood and womanhood to your eyes. Wendell's Ambition Pills, the great nerve tonic, can't be beat for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaints.

In two days you will feel better. In a week you will feel fine, and after taking one box you will have your old-time confidence and ambition.

Be sure and get a 50 cent box to-day and get out of the rut. Remember T. J. Evans and dealers everywhere are authorized to guarantee them. Mail orders filled, charges prepaid by The Wendell Pharmaceutical Company, Inc., Syracuse, N. Y.

## REPORTER SPRINTS TO KEEP PAGE WITH MANAGER MOSSER

George H. Mosser, the new manager of the Newark Chamber of Commerce arrived in this city last night from Altoona, Pa.

Did he spend today riding about the city in an automobile viewing the scenery and manufacturing plants—he did not. Instead he jumped into the work at once and it was with great difficulty that a committee from the new organization kept track of the various suggestions offered by the new manager.

"Interview Mr. Mosser and learn his plans and views for successfully managing a Chamber of Commerce organization," was the assignment by The Advocate's city editor to a reporter.

Said reporter hurried to the Chamber of Commerce rooms in North Park place. Before he realized that he was in the Chamber's offices, his arm was being pumped by a medium sized man who politely inquired "the name please—how do you spell it?" and "oh, yes, I got you."

"Just dropped in to see—" but here the busy little manager turned to H. F. Darrow and Joseph Pugh with, "well now we'll have to get this desk arranged like this."

Dropping the reporter's hand the new manager hurried over to another part of the room and in a few minutes, had explained the workings of an entirely new system of indexing the membership cards, what desks would be required, a new typewriter for the stenographer and then hurried into another room. The reporter followed.

"Here we will have a long table," he said pointing to the center of the room. "We will pile it with literature of all manufacturing companies in the city. On the wall we will have pictures of the various industries so that out of town manufacturers can see what Newark contains when they pay the chamber a visit."

"We'll establish a relationship with the chambers in larger cities which will enable the local members to visit other organizations for two weeks without having their card renewed."

"Best thing in the world," he continued.

"Now we had better go and see about the table and about 75 chairs, not too expensive and yet comfortable."

"Mr. ah—," The reporter started to address the new manager, but before he could get the name out of the man from Altoona was on his way down stairs, closely trailed by Messrs. Darrow and Pugh.

"He's a wonder," said Mr. Darrow to the reporter as the party reached the street. In a few minutes the party encountered President F. L. Beggs and here the new manager again became busily engaged in outlining some more changes.

The reporter hurried back to the office determined to await the reception and banquet at the Masonic Hall Wednesday night, August 16, at which time Mr. Mosser will deliver an address. About 300 members are expected to be in attendance tomorrow night when the local organization meets to pay homage to the liveliest wire that has stepped off a railroad train in Newark in many days.

The committee in charge of the banquet urges prompt response by mail, from members who expect to attend the reception and banquet.

## Society

**Feldner—Crawmer.**  
The marriage of Miss Louise H. Feldner of Zanesville and Mr. Ernest Feldner of this city was solemnized at high noon Saturday at the parsonage of the First United Presbyterian church, with the pastor, Rev. J. O. McConnell reading the marriage service.

The bride was smartly attired in a traveling suit of midnight blue. The attendants were Miss Almeda Caulson and Mr. Roy Crawford, the latter a brother of the bride.

Mr. and Mrs. Feldner left for Cleveland where they will spend several days.

The bride is the daughter of Mr. and Mrs. George Crawford of Caldwell street, Zanesville. She is a graduate of the Zanesville High school with the class of 1913.

Mr. Feldner is the son of Mr. and Mrs. John Feldner of Locust avenue, Zanesville, and is manager of the Conrad Grocery company, and after August 16, Mr. and Mrs. Feldner will be at home at 147 Hudson avenue this city.

**Slater—Sharer.**

A charmingly arranged out-of-door wedding was that of Miss Ethel Julia Sharer and Mr. Charles Worthington Slater, which took place at the home of the bride, Mr. and Mrs. Edwin M. Sharer at Elmwood place, near Hebron, O., Saturday, August 5th at 3 o'clock.

The ceremony was performed on the front porch, midst a border of flowers and canopy of oak branches, by the Rev. A. K. McCall, assisted by Rev. H. B. Malingier, the first the former pastor, the second the present pastor of the parish.

A program of three songs preceded the ceremony, sung by Mrs. Saedamae Dunihue, a dramatic soprano of Columbus, after which the clergymen followed by two white-robed children. Mary Catherine Chase, niece of the groom, and Wayland Clinton Marlow, Jr., nephew of the bride, bearing baskets of flowers, in which the wedding rings reposed in the heart of a lily. They took their places on the lower step to the porch.

The attendants, Miss Rilla M. Sharer of Nelsonville, O., cousin of the groom, and Carlton Sharer, brother of the bride, came after the bride and groom and preceded the wedding party.

The bride's gown was of ivory satin, with flounce of lace. A long veil held in place by a wreath of orange blossoms was an effective head-piece; the beautiful bouquet of white roses, with delicate asparagus fern completing the picture.

The bridegroom was attractively groomed in a frock of maulin and lace. The guests were all seated on the spacious lawn, where delicious refreshments were served after the reception and congratulations were extended to the happy pair.

Many beautiful gifts came from far and near, the bride having been a student of Denison University and the groom of Ohio University. The wedding march and song accompaniments were played by Mrs. Ella May Smith of Columbus, a former teacher of the bride. The singer, Mrs. Saedamae Dunihue sang "Because I Love You" (Smith); "Love Lane" (Smith); and "Beloved it is Mort" (Alyward). The march was the Bridal Processional from Lohengrin (Wagner).

After September the first the newly wedded couple will be at home at Shady Side Farm, opposite the home of the bride's parents.

**Skinner—Williams.**  
On Wednesday evening, August 9th, at the home of the officiating minister, the Rev. Calvin G. Hazlett, Mr. Walter B. Skinner and Miss Opal Williams, both of this city, were united in marriage.

The young couple have the heartiest best wishes of their hosts of friends. They left Monday for Barnesville, O., where Mr. Skinner is employed as a mold-maker, and where they will make their future home.

## Russian Planes Fight Germans; Escape Unharméd

(Associated Press Telegram)

Petrograd, Aug. 15, via London.—A thrilling encounter between two Russian aviation lieutenants and seven German airplanes far above the Baltic sea Monday morning, in which the Russians, though seriously handicapped, tumbled two of the enemy craft into the sea and another to the ground, is recounted in today's official announcement.

According to the statement the encounter lasted more than an hour. The Russian officers were in two hydroplanes. They attacked the German aerodrome near Lake Agern, in Courland. Despite bombardment from anti-aircraft guns and the counter attack of the German airmen, the Russians dropped a number of bombs on aeroplane sheds, the announcement states. The Russian planes were struck, but not in vital parts. Following the sensational air battle, the Russian hydroplanes returned to their base safely, the statement declared.

## OFFICERS MAKE HURRY RUN; CHIEF REFUSES TO TALK

Downtown shoppers late this afternoon were startled to see Chief of Police Sheridan, Lieut. Sullivan of the B. & O. force and two officers running around in circles in West Main street, near Fourth street. A few minutes later the chief commanded an automobile and with the officers was rushed to the North end.

"We don't have to tell where we go every time we make a run," Sheridan said, when asked what the excitement was.

## FARMER KILLED BY TRAIN.

(Associated Press Telegram)

Sandusky, O., August 15.—Captain J. F. Harrington, 82, wealthy Croton township farmer and civil war veteran, was killed instantly by a Pennsylvania passenger train at Parkers-town late yesterday. Captain Harrington had gone to the station to meet a grandchild from Columbus. He fell upon the track as the train approached.

## Removes Hairy Growths Without Pain or Bothers

(Modes of Today.)

It is not necessary to use a painful process to remove hairy growths for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy surface and in about 2 minutes rub off, wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone.

## KILLED IN GUN FIGHT.

Cleveland, Aug. 15.—Mamut Sali, 30, was killed and Megie Zemin, 25, fatally wounded in a street battle here today. Steve Denetos, 36, is under arrest charged with shooting both. The tragedy occurred following a quarrel in a coffee house. The prisoner was caught at home where he had barricaded himself after he fled from the scene of the shooting.

## Fasts Forty Days Dr. Huffman New Can't Take Food

(Associated Press Telegram)

Coney, O., Aug. 15.—Bellevue Dr. H. G. Huffman, Youngstown oculist who has just completed a 40 day fast at his camp near here, feared today that he might not recover his health. Dr. Huffman has been unable to resume eating. What little food he has taken has not agreed with him and he has been forced to continue his fast.

## MOTHER TAKES POISON.

(Associated Press Telegram)

Fremont, O., August 15.—Mrs. Lester Walters, 32, committed suicide last night by taking poison. She brooded over the death recently of her child.

## Every Day Etiquette

"How wide should be the black border on a visiting card?" asked Mrs. Smith, in mourning for her husband.

"The black border of your visiting cards should be a trifle more than one-third of an inch wide. After a year and a half, or two years, the width of the border is diminished by a sixteenth of an inch until mourning is put off," answered Mrs. Black.

The Chemist Says:

100% Pure Turkish Tobacco

10 Cents

I am a chemist. I've smoked "Helmar" Turkish Cigarettes for many years—and they always taste so good.

The other day I decided to find out why—and analyzed a "Helmar."

Result—100% pure Turkish tobacco—nothing else.

No wonder "Helmar" tastes so good.

The mildest tobacco for cigarettes is Turkish.

The best tobacco for cigarettes is Turkish.

Don't pay ten cents for anybody's cigarette until you have tried "Helmar," a fascinating, elevating, gentleman's smoke.

Thursday, August 24th, 1916, at Eagle Farm, Four Miles South-west of This City.

Eagle Farm is also known as the White-Stevenson place, or the Y. W. C. A. Camp (Kil-Kare). Speakers—L. P. Bailey, of Tacoma, Ohio, the noted Jersey breeder and president of the Ohio Dairymen's Association will be present and speak. Col. D. L. Perry, of Columbus, Ohio, the renowned auctioneer of pure bred dairy cattle will make an inimitable talk. Col. Perry is a national figure in his field and has sold millions of dollars' worth of pure bred cattle.

Everyone interested in the great industry of dairying is invited. An orchestra will be in attendance. Come at 9:00 o'clock and bring your lunch baskets.

## Why Society Women Wash Their Own Hair

Few realize how many society women now wash their own hair, not because it is a fad, but because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful. The thousands who have found that in washing the hair it is never wise to use a makeshift but is always advisable to use a preparation made for shampooing only, say they get the best results from a simple home-made canthrox mixture. You can enjoy this, the best that is known, for about three cents a shampoo by getting some canthrox from your druggist, and dissolving a teaspoonful in a cup of hot water. Your shampoo is now ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.

## The World War a Year Ago Today—Aug. 15.

The German forces marching on Kovno, Poland, captured four towns and several thousand prisoners. This move forced the Russians back in Dvinsk, 125 miles northeast, on the Warsaw-Petrograd railroad.

Nineteen French airships bombarding the German depots near St. Mihiel dropped over 100 shells. The assaults escaped.

Germany broke through Russian lines at Bransk, between Narew and the Bug and captured outer forts of Novogorodsk.

Suburb of Constantinople attacked by French and British aeroplanes. Austrians bombarded Belgrade.

## POMONA GRANGE WAS ENTERTAINED AT JACKSONTOWN

Licking County Pomona Grange, No. 80, held a most pleasant and profitable meeting with Jackson-town Grange No. 1897. This was the third quarterly meeting and the day being ideal the attendance was large. The crowd was estimated at from four to six hundred. The meeting was called to order by Worthy Master C. A. Waggy. As usual the forenoon session was devoted to the reports of the many subordinate granges of the county, which showed the grange work in the county to be in a healthy condition. Central of Jersey No. 768, the oldest grange organization in the county reported prosperity and making plans to celebrate the 50th anniversary. Fallsburg, No. 854, just finished contest between the old and young, which proved a success. This is the second oldest grange in the county and has made wonderful growth within the last few years. Bennington, No. 977, holding their own with brighter prospects for the future. Newark, No. 1004, reported some co-operative work and good literary program. Wyoming Valley, No. 1069, reported 22 new members during the quarter and 18 more started in the good way, making a membership of 260, the largest membership in the county. They have recently dedicated one of the finest grange halls in the state. Licking Valley, No. 1511 in good working condition. Derthle, No. 1621, splendid literary programs and a class of six new members. Etna, No. 1631, has a class of six. Organization in fine condition and literary programs good. Centennial No. 1682, reported twelve new members for the quarter; literary programs unsurpassed, completed attendance contest, losers banqueting the winners. Kirkersville, No. 1683, attendance good with splendid literary programs. Laylin, No. 1763, only missed one regular meeting in eighteen months and in splendid working order. Chatham, No. 1791, not much change, rather interesting program. Hanover, No. 1812, doing good work and having good attendance. Pataskala, No. 1884, in good healthy condition. Promoting Washington trips, one for boys and one for girls, with several contestants in the race. Jacksonstown, No. 1897, attendance fair, exchanged programs with Franklin, Newark, furnished program at last meeting. Perryton, No. 1905, literary program much improved, exchanged program with Hanover recently and extended a cordial invitation to any grange in the county to make similar exchange. Madison, No. 1981, reports eight new members, attendance good, preparing for show of farm products. Alexandria, No. 1989, reports new life, meetings changed from Saturday to Monday night. Change works well.

After the above reports the Grange adjourned to the school grounds where they were served with a sumptuous chicken dinner. The dinner was prepared by the ladies of Jacksonstown Grange and certainly proved beyond a doubt that they are well skilled in domestic science. After the noon hour the Grange was opened in the fifth degree and 104 candidates were instructed in the degree of Pomona.

The resolutions were adopted as follows: Whereas, We feel that the County Board of Agriculture has been imposed upon by the free pass plan, be it

Resolved, That we favor the discontinuance of the issuing of complimentary tickets.

Whereas, The use of farm tractors is being considered by many farmers in different sections of the state, therefore be it

Resolved, That we ask our State Board of Agriculture to use their influence in securing a national demonstration of farm tractors at Columbus, O., sometime during the year 1917.

The following literary program was given: Piano duet—Misses Mabel and Helen Wallace.

Reading, "Hiving the Bees"—Earl Fullerton.

Oration—Leo Kelley.

Reading—Miss Reba Jure.

Some Pressing Needs in Rural Education, subject opened by H. Hoover of Perryton Grange, followed by E. T. Osborne of Hebron Grange.

Owing to the lateness of the hour this subject was continued until the next meeting.

The following committee on resolutions was appointed: Austin Orr, T. C. Jury and O. B. Young. On motion the worthy master appointed Worthy Secretary Mrs. Nettie Brooks and Arthur W. Caldwell as a committee to draft resolutions of respect on the death of D. W. Drumm and A. J. Cada.

On motion the Grange gave a unanimous standing vote, thanking Jackson Grange for its splendid entertainment and kind hospitality. The Pomona Grange thoroughly appreciates the loyal support and co-operation given them by the business men of Newark, and very much appreciate the splendid picnic and the liberal premiums offered, and feel that they were awarded a liberal share, and hope that they may enjoy many more such occasions together in future years.

The Ohio State Grange will hold its annual meeting in Newark, the second week in December, with headquarters at the Hotel Warden. Grangers expect to make this the best meeting the Grange has ever held in Ohio. Licking county being in the lead in Grange work and would have been entitled to two more delegates than ever before if three of our Granges had not failed to report in time for count.

The next Pomona meeting will be held with Wyoming Valley Grange, Saturday, October 14th.

## "POP" GEERS WILL DRIVE IN 2:09 TROT

VETERAN GRAND CIRCUIT DRIVER  
EXPECTED IN COLUMBUS  
TUESDAY.

Lella Patchen Wins 2:05 Pace Monday After Six Fast Heats—Today's Program.

[ASSOCIATED PRESS TELEGRAM]  
Columbus, Aug. 15.—The card for the second day of the fifth meeting of the Grand Circuit races will be run here today under what are expected to be perfect conditions. The civic center track is the feature of the program, with Box B. V. A. Martins and strong leader, matched against Dummer, Baymer, Wilbur S. Jay, Ell. Mack and Young Todd, for the \$1,200 winners purse. The six-way purse division provides for \$2,000.  
The stage race will be run on the three-in-five plan and horsemen predict one of the classics of the meeting in this feature.  
The 2:09 trot is the second race of the card, Edward "Pop" Geers, veteran Grand Circuit driver, is expected to pilot Deroche in this frame of heats against Zombio Clay, Groden, Roy Mithful, The Exposer, Sadie S. and Hazel Laine.  
Seven starters are scheduled for the 2:15 trot, the final event of the day card. The horses are Lindsey, Vance, Allie Wats, Richmond, Trueson, Ben Greer and Teddy Black.  
Quick starting, snappy weather, and good patronage of the first day portends an unusually successful meeting here.

The more or less pleasing pastime of musing up the favorites was featured at the opening yesterday, two of three first choices falling by the wayside. The big upset came in the 2:15 pace, in which was staged the first long drawn-out race of the present Grand Circuit season. Six heats being required before the rank outsider, Lella Patchen, a 10-to-1 shot in the auction, was returned the winner. In both races in which the favorites were beaten they not only lost but were shut out before the conclusion of the race.  
The second big upset of the day came in the 2:15 trot, in which the California mare, The Lark, fast but not a favorite, was the choice in the auctions, selling for \$25, Straight Sall \$21, Coatsess Mober \$10 and the field \$30. Straight Sall, a four-year-old, owned by J. C. Small, of Cincinnati, was a real star in this event, coming from behind in the first heat and winning easily and showing the way in the next two heats. The Lark was very unsteady and caught the red flag in the second heat.

The only race to bring any relief to the form players was the 2:15 pace, in which Derby Custer, from the Murphy stable, breezed three heats, never being brought to a drive. Summaries:

### Amusements

#### Alhambra.

Marie Doro, one of the most celebrated dramatic artists on stage or screen, and formerly a Frohman star, will be seen at the Alhambra tonight in "Common Ground," a thrilling drama of social conditions written especially for the Paramount Program by Marian Fairfax.  
Holbrook Blinn, last seen in this city in "Life's Whirlpool" and "The Unpardonable Sin" will be the attraction at the Alhambra theatre on Wednesday and Thursday in another five part World Film feature entitled, "The Weakness of Man."

#### The Auditorium.

Large crowds at the Auditorium voiced their good opinions of the entertainment offered by Fenberg and the verdict is "best ever." Lionel Barrymore is a most finished actor, having for years starred in his own road productions and together with Grace Valentine, the charming and gifted dramatic actress, both are seen to good advantage.  
The Metro company has produced "Dorian's Divorce" on a pretentious scale and the situations are seen in a most novel manner. Many of the most interesting scenes were taken aboard a vessel many miles out on the Atlantic ocean. For this production Metro purchased the United States revenue cutter Woodbury, one of the most famous vessels that ever saw service with the government.  
Billie Burke is as sweet as ever and in Chapter 11, which is seen today for the last time, she is shown in the most interesting part of the now famous "Gloria's Romance."  
Tomorrow, for one day only, "The Boat," one of the most graphic photo-plays ever produced by William Fox forces and which promises to be one of the widely discussed film plays so far will be offered at the Auditorium.

"Where Are My Children?"  
The powerful photo drama, "Where Are My Children?" which comes to the Auditorium for an engagement of two days, starting Thursday, has received the highest commendation from thoughtful people in the cities that have been so fortunate as to have seen it. Tyrone Power and his capable company never had a better opportunity of presenting a more delicate subject in a more forcible manner. Handling as it does, the subject of "Birth Control," Eugenics, and the teaching of the young the truth of birth, love,

and the crowning glory of life, parenthood, it is a masterpiece.  
It has shocked the thoughtless, opened wide the eyes of the so-called wise ones, and awakened humanity to one of the greatest crimes of the age, that of ruthless murder of the unborn. Men are taking their boys to see it; women are urging the management to let their daughters see it; cruel, selfish society women have shed many tears for the sad fate which has closed the gates of heaven to them, and relegated them to a dishonored and unloved old age.

"Linger Longer, Lucy."  
The past season has developed an entirely new form of theatrical entertainment. It is nothing else than a musical farce. Someone conceived the idea of taking a brisk farce, bringing it up-to-date and interpolating musical numbers. The idea proved an immediate success. It is in this style of entertainment that Billy (Single) Clifford will come to the Auditorium on Saturday, Aug. 19, matinee and night.

The offering is called "Linger Longer, Lucy," being a lively farce, with a laugh in every line, and interlarded therein no less than 12 tuneful songs added for good measure. Billy is seen to the best possible advantage and is surrounded by an excellent company, who sing and dance in a very acceptable manner.

Nancy Boyer.  
Successful plays of the day seem to fall naturally into certain classifications, one of the most popular of which is the plausible melodrama. Such is "The Little Lady From Lonesome Town" which the popular and winsome Nancy Boyer and her incomparable company will present at the Auditorium Tuesday afternoon and evening, August 22. There is no disguising the fact that this play is a melodrama nor is there any purpose in doing so, unless one wishes to prevent confusion with the lurid form of entertainment that held sway in the popular priced theatres for many seasons. Three out of four plays that are really worth while are essentially melodramatic, and as long as George N. Rosener can write such delightful and wholesome plays as "The Little Lady From Lonesome Town" to add the spice of variety to his dramatic menu, his plays will always be welcome.  
Miss Nancy Boyer has always been noted for the excellence of her company and the one that now supports this winsome little actress is without doubt the strongest organization on tour.

Gem Theatre.  
The management of the Gem theatre announces the booking of "The Yaqui," a timely photo-play produced by the Bluebird photo-plays. We should ever be forced into war with Mexico, we might expect to meet just such soldiers and just such conditions of fighting as is portrayed in this great picture.

"The Yaqui" will be shown at the Gem theatre tomorrow afternoon and evening. In the past the photo-plays produced by the Bluebird company have been shown at this theatre on Mondays, but in the future they will be shown on Wednesdays.

### Black Hand Letters Cause Arrest of New Orleans Men

New Orleans, Aug. 15.—John Lavacke and Frank Montfrie, Italians, truck farmers, were under arrest today by New Orleans detectives assisted by deputies from St. Bernard and Jefferson parishes and being held under suspicion of sending "Black Hand" letters to several of their countrymen.  
Police authorities today said they believed Lavacke was the "collector" for an organized gang of black handers. Montfrie, said the detectives, is suspected of being the writer of many black hand letters. A letter recently received by Orazio Campagna, a farmer, demanded \$2,000 under penalty of death if refused. The letter, said the police, was marked with a skull and cross bones, a heart penetrated with a dagger and a coffin under which were printed in Italian the words, "If you do not give this money, you will be killed!" Lavacke, the police said, was arranging to collect \$300 as a compromise between Campagna and the sender of the letter when he was arrested.

### No Big Profits In Dyes Brought By Deutschland

New York, Aug. 15.—The first consignment of dyes brought from Germany by the submarine freighter Deutschland has been received by a coloring company in this city and constitutes the first shipment of the kind to reach this city from Germany since the beginning of the war. Other dyestuff users here received bills of lading for some of the Deutschland's cargo which is estimated to have included about 200 tons of dyes valued in excess of \$1,000,000.  
It is reported that high prices are demanded for these dyes, but one of the consignees here said that it was absurd to believe that fabulous profits were realized on their sale. He declared that the cost of the dyes in Germany is at least twice what it was before the war, that freight and insurance charges are three times as great and that the dyes brought by the Deutschland were not in the form of paste, composed of ten and twenty per cent dye and the rest paste, but are 100 per cent pure dye.

# SILVER CUP

TO BE AWARDED BY PRESIDENT THOMPSON TO WINNING B. & O. TEAM

Is On Exhibition at the Mazey Store—Newark Already Is Out of Race

The Thompson loving cup to be awarded the winning baseball team in the Baltimore & Ohio system league, was placed on exhibition this morning in the show window of the W. H. Mazey store. It will be on display today and tomorrow.

The cup is the property of Vice President A. W. Thompson of the Baltimore & Ohio Railroad Company. It will be awarded to the team winning the pennant in the league this season and when won three consecutive times will become the property of the winning team.

The local team through a number of misfortunes got away to a poor start when the league was first formed and it is now a certainty that the cup will not remain in Newark this winter. But the Newark team expects to be in the running next season and grab the trophy.

### District Agent Here

W. S. Merchant, district passenger agent of the "Frisco" lines and Frank C. Fisher, district passenger agent of the Illinois Central lines, were Newark visitors today on business pertaining to the passenger department.

### P. S. Aiken Here

P. S. Aiken, chief clerk to the general passenger agent of the Baltimore & Ohio Railroad Company at Chicago, was in Newark today on company business.

### C. E. Yarnell Returns

C. E. Yarnell, Baltimore & Ohio relief agent, has returned from a two weeks' vacation spent in Chicago.

### Thomas Daley Back

Assistant Trainmaster T. J. Daley of the Newark division has returned to duty after a two weeks' vacation to various points on Lake Erie.

### David Gettings Home

David Gettings, assistant car distributor of the local B. & O. division has returned to work after spending two weeks at Atlantic City and other eastern points.

### Special Merit Roll

Baltimore & Ohio Conductor Frank Barnes, of this city, in this month's issue of the Baltimore & Ohio Employees' Magazine receives honorable mention on the special merit roll. "On May 3, Conductor Barnes, in charge of train No. 97, discovered defective condition of equipment on car No. 26214 while train was passing Plymouth station. He promptly stopped his train and set off the car."

# HOW OLD ARE YOU BY YOUR HAIR?

You may be thirty in years, but if you are baldheaded or gray, people will surely take you to be many years older.

Dandruff is the root of most hair evils. If it were not for the little destructive germ working with a persistence worthy of a better cause there would be but little baldness, and less people prematurely gray.

Parian Sage will help you to keep young looking and attractive. It is guaranteed by W. A. Erman to make hair grow and stop falling out. To remove every bit of dandruff, to stop itching of the scalp almost instantly.

Parian Sage is one of the most invigorating, satisfying, and pleasant hair dressings made; it makes the hair soft, luxuriant and handsome; it is especially praised by women who love beautiful soft and lustrous hair. Parian Sage is sold by druggists everywhere, and a large bottle never costs more than 50 cents.

# NEW YORK HEALTH BOARD REPORTS ON EXAMINATIONS

The fight being waged in New York against the child plague has many features, and one of these is the examination of all children under fifteen years of age who pass through that city or leave there for other places in the United States. Each of such children must be examined by the medical officials before they are permitted to leave the city, and several instances of the examination of children coming from New York to Newark have come to the attention of Health Officer Dr. W. H. Knauss. For each child leaving New York City a post card certificate of the medical examination is mailed to the health officer in the town of the child's destination. Three such cards have been mailed to the local health board.

The condition of Minor Williams, aged 4, the only child reporting as having infantile paralysis in this city, is reported today as still improving.

Dr. H. H. Baker stated to the Advocate this morning that nothing further has developed in the case of Nancy Moore, aged 4, daughter of Mr. and Mrs. W. T. Moore, of Ruggs avenue, to indicate that the child has infantile paralysis. He also stated that the Moore child is improving and has been gaining in use of the members of her body which are affected.

Because of the prevalence of the disease in other communities, the local health board has not relaxed the quarantine enforced since the outbreak of the disease. Dr. Knauss advises against the relaxing of the precautionary measures published in Saturday's Advocate.

The Chinese government made a profit last year on its telegraph lines of nearly \$1,000,000.

# For All Complexion Ills

If the skin be colorless, sallow, muddy, over-red, blotchy or cracked, nothing will so surely meet the condition as ordinary medicated soap. It literally takes off a bad complexion—absorbs the dead and near-dead particles of surface skin, kills germs, actually causing no inconvenience at all. A new complexion is then in evidence, clear, spotless, delicately soft and beautiful. One ounce of this soap, procurable at any drug store, will rejuvenate even the worst complexion. It is used like cold cream.

# BURGLARS GET CLOTHING FROM RUTLEDGE STORE

Rutledge Brothers clothing store in South Park place was entered sometime last night by burglars, who gained an entrance by removing a pane of glass from a window in the rear of the building. A large quantity of clothing is thought to have been stolen.

James Rutledge of the firm of Rutledge Brothers this morning declined to estimate the loss until an inventory had been taken.

The burglary was not discovered until one of the clerks opened the store this morning and found the glass out of the rear window. Chief of Police Sheridan was notified and got busy on the case at once. According to the police they have several clues which may lead to the arrest of the guilty parties within a few hours.

# Ohio Progressive Dentists Defend Advertising Work

Associated Press Telegram—Cedar Point, O., Aug. 15.—The Ohio progressive dentists association members will continue to use newspaper advertising. A resolution to this effect was adopted at the close of the annual convention here last night. More than 100 members attended. The Ohio dental association members have declared newspaper advertising unethical.

The progressives issued a statement declaring that the teeth of American people are in better condition than those of any other nation, due to the work of dentists in preserving, rather than repairing teeth.

# CIVILIANS BOARD BATTLESHIP FOR PRACTICE CRUISE.

Associated Press Telegram—Charleston, S. C., Aug. 15.—The civilians from eight southern states included in her crew, the battleship Alabama was expected to sail from here late today for a four-weeks practice cruise with the Atlantic fleet during which the volunteers will receive instructions designed to prepare them for naval service during war or in times of emergency. Forty men had boarded the big warship last night and 33 more were expected to be aboard and dressed in the garb of blue-jackets before sailing time.

The volunteers enrolled are from Tennessee, Alabama, Georgia, Texas, South Carolina, Florida, Louisiana and Mississippi.

The Alabama will join the fleet off Gardners Island.

**The Mazda.**  
Sacrificing everything for woman's fair name is the story of the play now showing at the Mazda theater for today and tomorrow. Pierce's wife, Vivien, newlywed, and McGregor, a friend, are found in rather suspicious though strictly honest circumstances by Bolles, Pierce's secretary, who is a dopefiend. McGregor loves Alicia, Pierce's sister, and so does Bolles. So he threatens to reveal everything to Pierce unless McGregor keeps away. The play stars Robert Edson, Harry Morey and Eulalie Jensen.

# PATROL WAGON SETS NEW RECORD FOR NO TIRE TROUBLE

While the city patrol wagon was enroute to the city prison late yesterday afternoon to release John Quinlan, serving a \$5 and costs sentence, the mileage register on the machine clicked over the 1,000 mark.  
The patrol was put into operation last Labor day and since then has been very active as shown in the number of miles covered. Figuring the machine to do 12 miles on a gallon and also figuring gasoline at an average of 20 cents a gallon for the past 11 months, would mean that the patrol had "burned up" approximately \$48 worth of fuel.  
The machine on its first day out had a puncture, but this was the only one to date.
